

The Queen's Cartoonists

QUEENS CARTOONIST "AGES 2 - 102"

JANUARY 28 & 29, 2025

THE TOBIN CENTER

Sensory Friendly Performance - 12PM | School Time Performances - 9:30AM & 12PM

The Queen's Cartoonists perform music from cartoons! Pulling from over 100 years of animation, TQC's performances are perfectly synchronized to the films projected on stage. The band matches the energy of the cartoons, leading the audience through a world of virtuosic musicianship, multi-instrumental mayhem, and comedy.

Since their inception in 2015, the six musicians, hailing from four continents, all reside in Queens, New York, and are a uniquely creative part of the New York jazz scene. Watch your favorite classic cartoon characters interact with the musicians onstage and expect the unexpected from the Golden Age of Animation, cult cartoon classics, and modern animated films. Inspired by the cross-roads of jazz, classical music, and cartoons, TQC features Jazz Age composers like Raymond Scott, Carl Stalling, and Duke Ellington, alongside classical giants like Mozart, Rossini, and Strauss.
